

## DFARS Compliance Kit™

a fully NIST 800-171 compliant, ready-to-use network delivered to your doorstep in about about 15 days

SAVE TIME & MONEY	GET A COMPLETE SOLUTION	BECOME & STAY COMPLIANT
<ul style="list-style-type: none"> <li>• DFARS Compliance Kit network is cheaper than trying to get your existing network compliant.</li> <li>• Everything is already done for you, we even help you port your data.</li> <li>• You become compliant in about three weeks rather than unnecessary months of effort.</li> </ul>	<ul style="list-style-type: none"> <li>• Secure servers, workstation, routers and encrypted thumb-drives.</li> <li>• Hardware and software layers that meet the NIST 800-171 “high security” standards.</li> <li>• Your DFARS Kit even includes printers that automatically identify CUI data in physical copy.</li> </ul>	<ul style="list-style-type: none"> <li>• Evergreen-Compliance™ technology delivers continuous up-to-date compliance with all regulations that your business needs to keep up with.</li> <li>• Once, in operation, the system uses the latest advances in self-managing, self-healing networks to maintain itself.</li> </ul>

## see what our customers say about us

*“As a former U.S. Air Force system administrator, we would’ve drooled over the defensive capabilities offered by Trustifier”* – William Anderson., Coax Cable Inc.

*“It has dramatically reduced our cost of achieving and surpassing compliance with DFARS and NISPOM requirements.”* – Kurt H., CEO, RSDI

*“We became compliant for about the cost of the gap analysis”* – Robert S., RSS Solutions LLC.

## your DFARS Kit includes everything you need

Hardware	Software	Evergreen Compliance™	Support
<ul style="list-style-type: none"> <li>• Servers</li> <li>• Workstations / Laptops</li> <li>• System software</li> <li>• Network components</li> <li>• Peripherals</li> </ul>	<ul style="list-style-type: none"> <li>• Secure file sharing</li> <li>• Secure DNS</li> <li>• Secure email server</li> <li>• Secure web gateway</li> </ul>	<ul style="list-style-type: none"> <li>• Immutable auditing</li> <li>• Insider threat quashing</li> <li>• Integrated auditing environment</li> <li>• DIBNet reporting workflow</li> </ul>	<ul style="list-style-type: none"> <li>• Continuous updates</li> <li>• Automatic reporting</li> <li>• 24/7/365 Human support SLAs</li> <li>• Fully-assisted data migration</li> <li>• Insurable security</li> </ul>
